

Enduring Partnerships Driven by Safety and Service Excellence

ROADSIDE INFRASTRUCTURE

Urban Maintenance Systems is one of Australia's leading specialist providers of road infrastructure maintenance services.

UMS has a proven ability to reduce your ongoing maintenance costs and improve the quality of your road infrastructure assets such as road signs, bus shelters, street furniture, bollards, fencing and linemarking, by providing a well structured and proactive approach to maintenance.

Our dedicated and highly trained staff are supported by specialised systems and equipment that ensure safe, customer focused service outcomes.

We deliver a diverse range of services that assist customers to optimise the quality and functionality of their assets.

Our services include:

- Programmed and Proactive Maintenance
- Reactive Maintenance
- New installations
- Condition auditing and surveys
- Traffic Management
- GIS/GPS Capture
- Total Supply Chain Management
- Call Centre Operations

Our innovative road infrastructure maintenance service can be specifically designed to integrate with your current and future asset management requirements.
